

# Insects of Guam

This display is brought to you by the  
Wilfred Leon Guerrero Entomology Museum  
Western Pacific Tropical Research Center  
College of Natural and Applied Sciences  
University of Guam

## About the Wilfred Leon Guerrero Entomology Museum

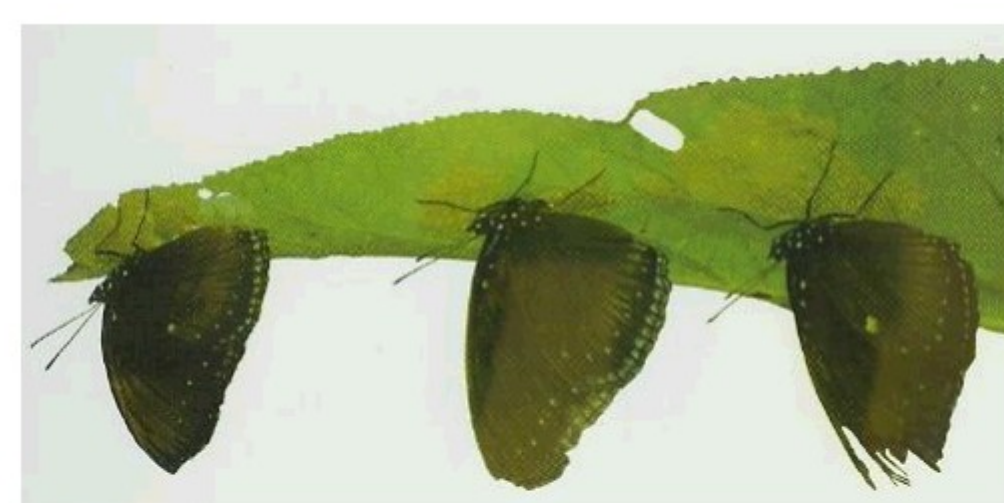

The Museum is named in honor of a former Dean of the College of Agriculture and Life Science who later became President of the University of Guam. It houses more than 30,000 preserved insects collected over the past 60 years. The Museum is curated by Dr. Ross Miller and Dr. Aubrey Moore, UOG entomologists. The Museum's board of directors includes Miller and Moore plus Dr. Richard Zack, Director of the M. T. James Entomological Collection at Washington State University, Dr. Robert Sites, Director of the Emms Entomology Museum at the University of Missouri, and Dr. Robert Footitt, Curator of Hemiptera at the Canadian National Collection of Insects.

## The Museum's Web Site

The Museum is building a web site at <http://guaminsects.myspecies.info> which will provide public access to the Museum's collection catalog and other information on Guam's insect biodiversity, including images and documents. The web site is also intended to communications to facilitate collaboration among entomologists working on insects in Micronesia.

## BUTTERFLIES OF MICRONESIA

## Common Insects of Guam

8 *Ropalidia marginata* (Hymenoptera: Vespidae)  
boonie bee

\*This is commonly referred to as the Guam boonie bee. It is not a bee, but a smaller paper wasp.
